

SELF-SERVICE PRO

INTUITIVE SELF-SERVICE

Designed especially for businesses where customers serve their own natural juice. And since the customer is king, it must be as convenient and fresh as possible.

That's why the Mizumo SELF-SERVICE PRO juicer is the ideal tool.

This model is built around a specially reinforced stainless steel body for large consumption needs. The input basket can hold up to 20 kilos of oranges, and the wheeled podium can accommodate two waste containers of 40 litres each.

In addition, the juicer has a self-service tap that operates the juicer each time it is pressed.

TYPE OF CONSUMPTION

SELF-SERVICE PRO

Self-service tap with bottle holder, detachable and adjustable.

With pulp scraper built into the filter.

Feeder with 20 kg capacity and mechanical locking.
